**2006**

*The first export of military ration packs was* successfully completed.

**2024**

With its sustainable growth strategy, innovative manufacturing approach, and global vision, UNIFO continues to create value for the future.

2007

*Retort flexible laminated packaging* used in production was co-developed with local manufacturers and started to be produced in Türkiye.

tada, UNIFO's innovative, youthful, and dynamic brand, entered the retail market.

UNIFO continued its global growth by expanding its export operations across international markets, particularly in Europe, the Middle East, and the Americas.

2014

With investments in Sakarya and Yozgat, UNIFO's food production network expanded *to four factories, significantly enhancing* production capacity and product diversity.

2015

A dedicated production area for gluten-free products was introduced at the Sakarya facility, enhancing production capabilities and broadening the product portfolio.

2016

2021
